PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The State 9-1-1 Program allocates funds for changes and improvement to PSAPs. The State has allocated \$217,000 to the District to upgrade the 9-1-1 Automatic Call Distribution (ACD) System to the current hardware and software supplied by Meridian Symposium and Succession. This will replace the current system provided by Meridian MAX which has passed end-of-life and is no longer supported by the manufacturer.

Acceptance of the upgrade will provide a current and manufacturer supported hardware and software product critical for the District's 9-1-1 ACD System.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This purchase supports the County's Strategic Goal Number 2 for Workforce Excellence, by enhancing the quality and productivity of the District's workforce.

FISCAL IMPACT

Approval of the recommended action will accept \$217,000 in upgrades from the State of California for the 9-1-1 PSAP system. The District will procure the system upgrade and the State will pay the vendor directly.

There is no net County cost impact.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The administration of funding for equipment and services related to the answering of 9-1-1 calls is based upon laws passed by the California State legislature. Most of the pertinent code sections relating to the reimbursement of 9-1-1 equipment and services is in the California Revenue and Taxation Code sections 41135 through 41138.

The laws indicate that the State 9-1-1 Program, as managed by the California 9-1-1 Emergency Communications Office (State 9-1-1 Office) shall reimburse agencies for equipment and services necessary for answering 9-1-1 calls. Section 41138 also provides authority to local agencies to obtain equipment from any vendor as long as the costs do not exceed those approved by the State 9-1-1 Office.

The goal of the State 9-1-1 Office is to provide sufficient funding to each PSAP to successfully manage their local operations in compliance with all 9-1-1 standards.

CONTRACTING PROCESS

The State 9-1-1 Office completed the contracting process associated with the acquisition of this system. The State solicits the vendor bids and allows each agency to select a vendor of choice. The Purchasing Agent will be required to issue a zero dollar purchase order to SBC. The selected vendor will bill the State 9-1-1 Office directly.

IMPACT ON CURRENT SERVICES

Approval of the recommended action will facilitate more efficient and expeditious responses to the 9-1-1 calls received by the District.

CONCLUSION

Upon approval by the Board of Supervisors, please return adopted copies of this letter to:

1. Los Angeles County Consolidated Fire Protection District
Materials Management Division
5801 S. Eastern Ave., Suite 100
Commerce, California 90040
Attention: James Ealey, Chief, Materials Management Division
2. Internal Services Department
Purchasing Division
1100 N. Eastern Ave., Room 102
Los Angeles, California 90063
Attention: Joe Sandoval, Division Manager

Respectfully submitted,

P. MICHAEL FREEMAN
